

# Certificate of Registration

INFORMATION SECURITY MANAGEMENT SYSTEM - ISO/IEC 27001:2022

This is to certify that:

Hangzhou Hikvision Digital Technology  
Co., Ltd.  
No. 555-556, Qianmo Road  
Binjiang District  
Hangzhou  
Zhejiang  
310051  
China

Holds Certificate Number:

IS 755587

and operates an Information Security Management System which complies with the requirements of ISO/IEC 27001:2022 for the following scope:

**Please see scope page.**

For and on behalf of BSI:

\_\_\_\_\_  
Matt Page, Managing Director Assurance - UK & Ireland

Original Registration Date: 2021-12-03

Latest Revision Date: 2023-06-12

Effective Date: 2021-12-03

Expiry Date: 2024-12-02

Page: 1 of 54

...making excellence a habit.™

Certificate No: IS 755587

## Registered Scope:

The provision of design, development, production, sales, installation, commissioning and technical support of hardware of Intelligent security product. The provision of design, development, sales, maintenance and technical support of software of Intelligent security product.

Hardware includes:

front-end camera product series, thermal imaging product series, back-end video recorder and encoder product series, storage product series, display product series, control product series, transmission product series, intelligent traffic product series, access control equipment series, intercom equipment series, security check product series, personnel access product series, alarm product series, mobile product series, conference tablet product series, intelligent parking product series RFID & ETC product series, vehicle (load) product series, data center product series, machine vision product series, drone and robot product series, automotive electronic product series, medical vision product series, digital medical product series, intelligent fire product series, traditional fire product series, network security product series.

Software includes:

Basic platform software: cloud computing platform product series, cloud storage platform product series, video fusion empowerment platform product series, industry intelligent application platform product series, physical information fusion data resource platform product series, integrated operation and maintenance service platform product series, resource management scheduling platform product series, intelligent perception networking platform product series, one-stop perception algorithm training platform product series.

General platform software: visualization command platform product series, inspection platform product series, supervision platform product series, content publishing platform product series, general security platform product series, alarm management platform product series, parking cloud platform product series, fire management platform product series, fusion cloud product series, video processing tools, vehicle electronic software product series, vehicle networking platform product series.

Industry platform software: basic platform and general platform customized product series for: public safety, traffic police, transportation, justice, government, culture, education and health, intelligent construction, energy metallurgy, industrial and commercial enterprises, financial services, chain cloud, education cloud and other industries.

This is in accordance with the Statement of Applicability version 03.01, dated Jan.6 2023.

Registration address: No. 555 Qianmo Road, Binjiang District, Hangzhou

Original Registration Date: 2021-12-03

Latest Revision Date: 2023-06-12

Effective Date: 2021-12-03
